

WEATHER REPORT.

Fair tonight and Sunday.

COUNTY OFFICIAL PAPER.

VOL. 25.

PENDLETON, OREGON, SATURDAY, JULY 19, 1913.

NO. 7932

TO ADVERTISERS
The East Oregonian has the largest paid circulation of any paper in Oregon, east of Portland and nearly twice the circulation in Pendleton of any other newspaper.

CITY OFFICIAL PAPER.

SEATTLE MAYOR TAKES CHARGE TO STOP RIOTS

Orders All Saloons in City Closed—
Forbids Street Meetings Until
Trouble Has Ended.

WOULD STOP NEWSPAPER

Alleged That Stories Published Started
Riot—Soldiers and Sailors Wreck
Socialist and Industrialist Headquarters—
Furniture Taken Out and Burned.

SEATTLE, July 19.—Mayor Coterill was thwarted in his efforts to prevent the Seattle Times from publishing today and Sunday, except under censorship, when Judge Humphries granted a temporary injunction against the order for the police to take charge of the plant. The mayor stated his action was taken to prevent the Times publishing reports which he believed might incite further rioting. Saloonkeepers also are trying to override the mayor's orders in closing the saloons.

SEATTLE, July 19.—An investigation has been instituted to locate the ringleaders of a mob of several thousand who, led by a hundred sailors and half as many soldiers, wrecked all the industrialist and socialist headquarters in this city last night. A socialist news stand was demolished. Furniture was piled in front of each place and burned. The police were powerless to prevent the violence as a result of a riot Thursday night in which three soldiers and two sailors were injured by alleged industrialists.

SEATTLE, July 19.—As a result of the riots last night Mayor Coterill assumed the powers granted him by the charter in case of riots and took personal charge of the police today. He ordered all saloons closed and forbids anyone holding street meetings for the next two days except religious meetings. He notified the editors of the Seattle Times to either suspend publication for the two days or submit proofs of everything published for censorship. The Times printed an alleged speech by Secretary of the Navy Daniels in which he is reported to have denounced the followers of the "red flag" and the cities that harbored them. Mayor Coterill in his proclamation declared the issue included the "plain and wilful inciting of riot which followed."

Concerning censorship of the Times, the mayor's written order says:
"Inasmuch as the exaggerated, false and perverted publications which have been made by the Seattle Times, particularly in the issue of Friday evening, July 15, 1913, included plain and wilful inciting of the riot which followed, indicated on the part of those responsible for that publication knowledge of the lawless and riotous intentions which were committed on that night, you hereby are directed to stop the issuance and sale and circulation or any form of distribution within the city of Seattle of the Seattle Daily Times during the day (Saturday) July 19, and tomorrow, (Sunday) July 20, unless the proprietors of such paper shall have first submitted to me the entire proofs of any proposed issue and it be found certified to you, by me as containing nothing calculated to incite further riot or destruction of property or any danger to human life."
The order was issued to the police department.

SEATTLE, July 19.—A party of United States marines and sailors from the Pacific reserve fleet, most of them sailors wearing the name in their hat bands of the cruiser Colorado and California, started Friday night to "clean up the town" as they expressed it, by attacking socialist and I. W. W. headquarters.

Aided by Civilians.

About a dozen men from warships, all youthful, were in the wrecking party. They were aided by several members of the Washington naval militia, and by a hundred young civilians, who made most of the noise. Waving United States flags, the storming party swooped down on the cart

(Continued on page five.)

YESTERDAY WAS 101: TODAY MERCURY 100

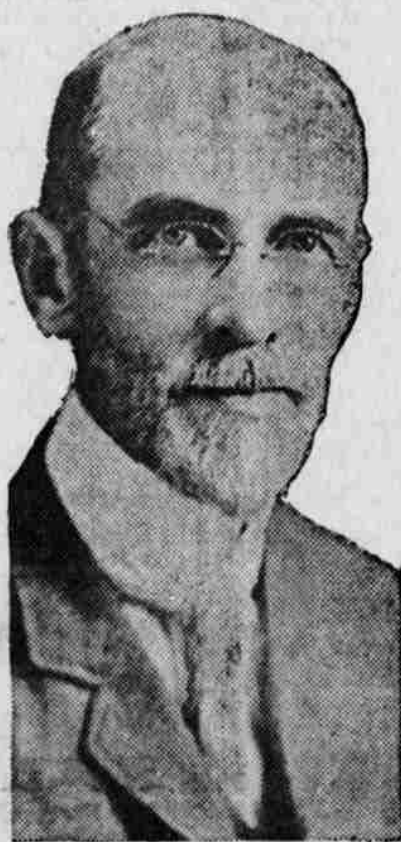

Yesterday was the hottest day Pendleton has experienced this summer unless the mercury beats the 101 mark today. The official thermometer kept by E. F. Averill registered one point above the centry yesterday and at 2:15 this afternoon it was an even 100 with prospects of the mercury climbing a point or two higher.

TRAIN DYNAMITED; MANY ARE KILLED

Rebel Soldiers Use Explosive on Federal—Details of Attack Are Not Secured.

MEXICO CITY, July 19.—Many are believed to have been killed and scores injured as the result of dynamiting a federal troop train at Lampazas by rebel soldiers. Details are lacking. It was learned authoritatively that England has recalled minister Strong as a result of complaints of his actions during a bombardment of Mexico City by General Diaz' rebels. It was learned that Italy has recalled its minister also.

Preparing Digest.
WASHINGTON, July 19.—A digest of the consular diplomatic reports from Mexico are being prepared by the state department for the president

HARRIS & EWING, WASH.
DR. HUGH M. SMITH
New U. S. Fish Commissioner, Successor of George M. Bowers.

and Bryan when they confer with Ambassador Wilson who is expected next week to make a personal report of the conditions in Mexico. The ambassador was originally expected on the 28th.

OREGON TOWN IS VICTIM OF FLAMES

SHERIDAN, Ore., July 19.—Fire practically destroyed the business section of Sheridan last night, the damage being estimated at from \$250,000 to \$400,000.

No one was injured or killed. About 30 buildings on the south side of the Yamhill river were destroyed. The fire started from an explosion of gasoline in a small restaurant. Despite the efforts of hundreds of citizens and a volunteer fire department, as well as fire departments from McMinnville, Clifton and Wilamina, the fire spread rapidly and practically burned itself out when it reached the river. The fire fighters were menaced by exploding dynamite and ammunition in hardware stores that burned. An area 300 feet wide and three blocks long was desolated. Two banks, three hardware stores, two drug stores, two hotels, four general merchandise stores, the postoffice, a clothing store and several residences are among the buildings destroyed.

SHERIDAN, Ore., July 19.—Revised figures place the damage from the fire at a quarter of a million. About 30 buildings on the south side of Yamhill river are destroyed, including several residences.

THREATENED GIRL TO GET HER MONEY

SALT LAKE CITY, July 19.—W. L. Cummins, 23 years old was arrested here on the charge that he had attempted to extort \$100 from Miss Dorothy Bamberger, a wealthy society girl. Cummins was taken into custody by detectives when telephoning to Miss Bamberger who previously had been threatened by an anonymous letter writer that unless she gave \$1,000, nitro glycerine would be exploded in her room. Miss Bamberger had arrived from New York the day she received the letter.

POULTRY RAISING IS AMONG THE CONTESTS

FARGO, N. D., July 19.—County school superintendents of Fargo will go to the garden system at schools in America one better. They today inaugurated the first of a series of poultry raising contests among their pupils. By popular subscription eggs have been furnished the boys and girls who will spend their summer vacation raising the poultry. The contests will be decided next fall.

PROTESTS AGAINST EXECUTIVE POWER

Coercion Used in Framing Tariff, Declares Senator Cummins—Denounces Caucus.

WASHINGTON, July 19.—Speaking in the senate, Senator Cummins of Iowa protested against what he termed "executive coercion" in framing the tariff law by congress. He said: "Many bankers believe the legislative department of the government should hold the executive power, but it is yet to be proposed in a free government that a single executive should hold the legislative authority over a great people, yet we are drifting in that direction."

Cummins denounced the democratic caucus which he declared constituted "not only an invisible but an inaudible government," whose operation "denied the most sacred rights of the people."

VON KLEIN JURY FAILS OF VERDICT

PORTLAND, Ore., July 19.—After being out 30 hours, the jury trying E. C. Von Klein for alleged theft of diamonds from Miss Ethel Newcomb of San Francisco reported inability to agree late yesterday.

The court set the case for re-trial September 2 and fixed bail at \$4500 cash or \$5500 surety bond.

RESCUE MAN FROM GOING OVER FALLS

NIAGARA FALLS, N. Y., July 19.—Truman Chapman, 22 years old of Hamilton, Ont., was rescued from the brink of the American Falls last night by four men, one of whom took a desperate chance to reach him. Chapman was sitting on the iron railing just above Prospect Point and was seen suddenly to topple backward into the stream.

Twice the man at the end of the chain was swept from his feet but he clung to his burden and the united efforts of men nearest, who had better footing, finally swung the two of them out of the grasp of the current.

HEAT WAVE IN THE MIDDLEWEST BROKEN

CHICAGO, July 19.—The heat wave torturing the middle west, has moved eastward. The temperature is around the hundred mark, it was reported from many summer resorts on the Atlantic coast. The middle west temperature was slightly below normal today.

GIRLS STRANDED; BEGG ON STREETS

CHICAGO, July 19.—"Money on the way from New York is all right, but it won't buy a plate of beans in a dairy lunch in Chicago." This is the way Violet Drew, late of the chorus in Mile Modiste, which went broke, explained why she and Evelyn Raymond, another of the 16 stranded chorus girls, stood on Michigan boulevard today with upturned straw hats. The jingle of small coins, dropped by brokers and business men, interrupted Miss Drew's monologue. "See, it's easy," she said, "who wouldn't help a chorus girl to buy a sandwich? Fritz Scheff was the star of the company which was stranded."

OREGON STONE SHOULD BE USED TO BUILD FEDERAL BUILDING HERE

That the Pendleton federal building should be constructed of northwestern stone rather than of expensive stone shipped here from the east is the view taken by Senator Harry Lane in a letter to Will M. Peterson of this city. In reply to a letter bearing upon the subject, Senator Lane has written Mr. Peterson as follows: "I am in receipt of your esteemed favor of the 3rd instant calling my attention to the economy and common sense which would be indicated by the government if it used the building stone which Oregon produces in abundance, rather than to expend large sums of money in paying freight upon stone which is of inferior or no better quality by shipping it in from the far East."

I have taken this matter up with the Supervising Architect of the Treasury Department in relation to the Portland Post Office, and he informs me he is having tests made of the Oregon stone, with a view of using it in place of Eastern stone, if

MORE RIOTING IN ROSE CITY; MANY ARRESTS

Mob Attempts to Rescue Speaker After He is Dragged Down by Police for Inflammatory Speech.

RUNNING FIGHT ENSUES

Squad of Police Clears the Streets—Attempt Is Made to Slug the Sheriff—Police and Deputies Forced to Use Clubs to Take Their Man to Jail.

PORTLAND, Ore., July 19.—Following last night's riots on the Plaza block in which a number of alleged members of the industrial workers and socialists attempted to take a prisoner from Sheriff Word and his deputies, the sheriff stated that all open meetings in the city both in streets and parks must cease. He will confer with Mayor Albee this afternoon to seek his co-operation.

PORTLAND, July 19.—Another riot occurred last night on the Plaza block when a mob of several hundred attempted to rescue George Reece, a socialist, arrested for using alleged abusive language. The sheriff and his deputies were forced to fight their way through the mob before they could land him in jail. A running fight ensued, during which deputy sheriffs and detectives held back the mob with clubs. A number of persons were struck. Four were arrested for attempts at rescue.

James Gregory sustained a deep gash under his left eye when it is alleged he tried to slug the sheriff. A man approached the sheriff from behind, grasped him about the neck and tried to wrest his club from him. The sheriff struck him several times. After the arrests, a squad of police cleared the streets.

PORTLAND, July 19.—Dr. Marie Equi, who was arrested in the street riot Thursday night and who later stabbed an officer with a hat pin, failed to leave the city last night as she had promised if released and shortly before midnight was again placed in custody. Four charges are placed against her on which she will be tried if she is not found insane. An effort will be made to have a sanity commission hear her case at once. Sixteen Spanish-American war veterans last night guarded the monument to the second Oregon regiment in one of the park blocks to see that the Industrial Workers of the World and socialists did not desecrate the monument in the riot.

S. P. OPPOSES THE R. R. COMMISSION

SAN FRANCISCO, July 19.—A bill in equity was filed in the federal district court by the Southern Pacific to enjoin the California railroad commission from asserting jurisdiction over certain equipment and trust certificates which the Southern Pacific proposes to issue in New York for the purpose of acquiring the rolling stock which the company believes is necessary to interstate and intrastate business. Officials announced a similar suit will be filed against the Arizona corporation commission to enjoin it from asserting jurisdiction over the issue of 21 year notes aggregating \$30,000,000 which the company expects to issue for capital expenditures.

OREGON STONE SHOULD BE USED TO BUILD FEDERAL BUILDING HERE

It meets the specifications. I have also called his attention to the condition which exists at Pendleton in relation to the matter, and as soon as I hear from him, will again write you. I would suggest, if it has not been done already, that you forward specimens of the Oregon stone to the Supervising Architect, Treasury Department, Washington.

The samples, I am informed by the Supervising Architect, should be three or four inch cubes with the sides exactly parallel, so that they may withstand the crushing test to their maximum strength. One dozen cubes of the stone should be submitted.

HARRY LANE.

TURKS AT GATES OF ADRIANOPLE

STORIES OF ATROCITIES BY BULGARIANS CONTINUE TO GROW

Allies Intend to Advance on Sofia Before Dictating Terms of Peace—Bulgarian King Reported to Have Fled

WOMEN OUTRAGED; MANY ARE BURNED ALIVE

VIENNA, July 19.—It is reported that Russia has formally notified Turkey that further advance of the sultan's troops on Adrianople will not be permitted.

LONDON, July 19.—A detachment of Turkish cavalry has reached the outskirts of Adrianople, according to Constantinople dispatches. Advice from the Balkans indicate the Greeks and Roumanians intend to advance to the gates of Sofia before dictating peace terms. The Bulgarian legation discredits the reports that the king of Bulgaria has fled.

ATHENS, July 19.—Blood curdling stories of murder, massacre, looting and sacking at Seres and vicinity alleged against the Bulgarian troops by King Constantine of Greece, are verified by the Austrian consul at Salonika. Almost unbelievable stories are told by the Austrian. His own wife, he said, was dishonored by Bulgarian officers in the presence of scores of soldiers and hundreds of inhabitants, the latter being slain by the troops. Special investigators sent to Seres confirm the allegations of the king. They brought back the names of notable cremated, crucified, hacked to pieces, mutilated and left dying in the streets.

On the evening of the last day of the massacre, a company of soldiers found 80 women and girls concealed in a warehouse. The girls were dishonored and oil was poured over the bodies of the women. Then they were locked in the building and the

NO OPEN LOBBY HEARING TODAY

WASHINGTON, July 19.—The lobby probers held no public hearing today. Mulhall was excused for the day. He is said to be on the verge of a nervous breakdown. In executive session the committee considered the books and accounts of the manufacturers and the national council for industrial defense.

WILL MEET WITH BUSINESS MEN HERE

For the purpose of meeting local business men, Thomas S. Mann, president of the Oregon Manufacturers' Association, is paying Pendleton a visit. He arrived yesterday evening and will remain until tomorrow morning. This is his first visit to Pendleton and Umatilla county and he is very much impressed with what he has seen.

"My visit here has certainly been an eye-opener to me," he stated this morning to an East Oregonian representative. "While I had heard much of the Umatilla county grain fields, it was beyond my comprehension that such a grand and extensive farming country, combined with so much beauty, was located in Oregon. The view coming from Milton to Pendleton is beyond words of expression. The opportunities in and around Pendleton for manufacture of products is unusually abundant and their development would be inexpensive. Take breakfast foods where will you find a locality on the globe more convenient as to power and products?"

The Oregon Manufacturers' Association is organized to help every part of the state. Its membership is composed of manufacturers from nearly every county in the state."

Mr. Mann is here especially to see those engaged in manufacturing and to encourage a county association which has been found to be very helpful in every way to those wanting better patronage of their products. J. V. Tallman, president of the Commercial club, and Clarence Bishop of the woolen mills, have arranged for Mr. Mann to meet a committee of business men today.

Mr. Mann is one of the firm of the Pacific Stoneware company of Portland.

structure fired. The corpses were found by the investigators. Another instance was when 20 officials and wealthy residents of Seres were gathered in a public hall and bayoneted, carried to a trench and covered partially with earth. It is alleged. Several victims were alive when placed in the trench. The list of dead will run into the thousands.

BELGRADE, July 19.—In an official statement issued by the war office, Bulgarian troops are charged with a long list of massacres, which it is declared, have been confirmed. It asserts that Serbian soldiers were tortured brutally. Bones of the wounded were broken, their eyes gouged out and scores were burned alive.

BUCHAREST, July 19.—It was reported tonight that the Roumanian cavalry had captured the ninth division of the Bulgarian army, including 12 field guns.

TELEPHONE FIGHT LOST BY BOWMAN

C. P. Bowman, Butter creek rancher who has long fought to obtain a connection between his phone line and the Pacific Telephone company's line, has lost out before the state railroad commission which now has jurisdiction over all utility corporations within the state. A story from Salem relating to the adverse decision given by the commission is as follows:

A case involving comparatively small interests but of large public significance has been decided by the state railroad commission. It is the case of C. P. Bowman et al against the Pacific Telephone & Telegraph company. Bowman has an independent telephone line running from Hermiston to the Butter Creek valley and other points. He applied to the railroad commission for an order compelling the Pacific company to give his line an interchange of service on the ground that it was furnishing an interchange of service to the Eastern Oregon Independent Telephone company, which is Bowman's competitor.

The commission held that as no public need for such an interchange of service was shown and as the territory served by Bowman's line is served by the other line, the application would be denied.

The Pacific company raised the objection that the commission did not have jurisdiction to order a physical connection of its lines with the lines of another company. The commission overruled this objection.

IMMORAL WOMEN ARRESTED, FINED

As a sequel to Governor West's moral crusade which resulted in the closing of Pendleton's tenderloin, May Carter and Jennie Mace, two of the prostitutes for whom warrants were sworn out by Detective Tom Kay, were this morning arrested by Sheriff T. D. Taylor and Chief of Police John Kearney and taken before Justice of the Peace Joe H. Parkes where they pleaded guilty and were fined \$50 each. They paid the fine.

The arrests were made at 11 o'clock and shortly after 2 o'clock this afternoon, Audrey Wilson and Teddy Brooks appeared at the sheriff's office and gave themselves up. They were fined and paid a like amount. They had heard of the fate of their sisters in shame and had decided to save the officers the trouble of hunting them up.

When Detective Kay swore out the warrants against the women, it was more as a warning for them to leave the city. Most of them did leave but some came back. One of the women was arrested in the Empire lodging house and the other in the Palace lodging house. The two who gave themselves up, it is said, had only lately returned to the city.
